
The Earth Belongs to Allah

It has been 4 years since the Crusader alliance made the announcement claiming to have eliminated the Islamic State, and their tails and mutants have danced to this fake victory. And we saw how the people of ridda and loss said publicly that what made them despise the Islamic State and its soldiers is their faith in Allah alone and applying His Shari'ah among them, and it was obvious in their statements, deeds, and celebrations which the media kept broadcasting for continuous days and weeks after the believers fell back. Allah said: “They begrudged them only because they believed in Allah the Almighty, the Praiseworthy” (Al-Buruj: 8).

It became clear to every reasonable, fair person that the hatred these folks have against the Islamic State was because it applied the ruling of Islam and its teachings which promotes good and forbids evil, so it forbids them from following their whims and desires. This is what the viewer would notice today with the situation in the regions where the mujahidin have withdrew and how conflicting groups with different goals and allies have taken control over them, from the Rafida and their militias in Iraq, to Nusayris and their militias in Sham, and from the kaffir Kurds in eastern Sham to the groups and parties of the Sahawat in the west. So how are these areas today?! They have lost their security after they let go of their faith! And the people who were glad to be joined by the armies of kufr inside their regions after the mujahidin withdrew, are crying today for the days of the ruling of the Islamic State.

The people should know that there is no other way for survival and happiness in this life except by following the righteous path which the mujahidin of the Islamic State walked on for the past two decades, the path of tawhid for Allah and jihad for His sake. It is the only path where Allah's word is the highest and the word of the kuffar is the lowest, and it is the only path which protects the sanctities of Muslims and their dignity and guarantees an honorable living in the shadows of Shari'ah, while living under the projects and the ignorant flags carried by the murtadd governments and groups will only bring people the corruption of religion and life.

With that lies vast difference between the project of the Islamic State, which was inspired by the revelations - the Qur'an and Sunnah - and the other projects which fought the mujahidin and their rule, sometimes with the claim of "freedom"! and other times with the excuse of "fighting the Khawarij"! or "eliminating terrorism"... and other slogans which are carried by the murtaddin no matter their names or affiliations in their war against the State of the Khilafah, may Allah grant it glory.

So what did the governments and groups of ridda do that controlled regions in Iraq and Sham and other homes of Islam?! And what did they present to the people other than major corruption and great failure in all fields of life, large and small?! And how can these puppets and agents who entered the regions under the cover of the Crusader airplanes do any good or help with the matters of the people?! Even more, how can he who does not make his own decision but it is made for him, rule the people and guide them?! What is worse than all of that, is that the people would wait for a secure living in the shadow of these mushrikin rulers away from the Islamic Shari'ah. Allah determined in His Book that there is no security in this life nor the Akhira except with tawhid and faith. Allah said: "Those who believe, and do not obscure their faith with wrongdoing—those will have security, and they are guided" (Al-An'am: 82).

So what did the people gain after 4 years of the absence of the Islamic Shari'ah other than humiliation and loss? Here are the Rafida in Iraq controlled by the Magian Iran going back and fourth in their military and political corridors conspiring against Ahlus-Sunnah. And the Nusayris in Sham have rushed to Russia to take them out of their trouble, so they presented them with all the capabilities and goods which Sham is filled with so their fool would remain a "president", and the crusader Russia became the controller in their regions, allowing what it wants and forbidding what it wants. As for the atheist Kurds, the Crusaders have found what they were looking for in them. Is there any better than a party which you can use whenever and dump whenever! and return to whenever and while he is thankful?!

As for the Sahawat of Sham, the pagan army and those resembling them from groups and organizations and councils and formations, they are still looking for a father to adopt them. Everyone is declaring their innocence from them and refusing to be associated with them. They have tried many times to associate themselves with many countries and different sides, and have provided them with all the waivers and let go of naming Islam even in their slogans to satisfy the supporters and governments. So if they got backing from the tawaghit of Qatar and Turkey they became "shaved brothers"! And if they received support from the tawaghit of Al Salul they became "blind Salafists"! And if they were supported by the Pentagon they became "new democrats"! And if it wanted it, their supporter can make them pagans and worshipers of idols!

What did the people gain in those areas which were ruled by Allah's Shari'ah and were replaced with kufr laws and pagan constitutions shared by all the governments and assemblies, be they Rafida or atheist or Sahawat? What did the people living in those areas gain after they lost the blessing of Shari'ah and its just ruling which brings interest to their religion and life? What did they gain from not supporting the religion and letting the mujahidin down? And what did they gain by preferring safety and loving life and prioritizing saving themselves over saving the religion, other than humiliation and loss, and they missed both their religion and life? There is no strength nor power expect from Allah.

As for the Khilafah soldiers, who filled and lived in those areas as long as they ruled while obeying their Lord, they performed their prayers, gave Zakat, and spread good and forbid evil, and established His Shari'ah. All they gained was good, by Allah's permission, and they believed the words of the Prophet ﷺ: "How strange is the matter of the believer, all of his matters for him are good, and it is only for the believer: if he was met with goodness, he is thankful, and that is good for him, and if he was met with hardships, he is patient, and that is good for him." (Narrated by Muslim)

The Khilafah soldiers remain - by Allah's grace - filling their small communities between cities and villages with Shari'ah and obedience to Allah and faith, preparing for jihad for the sake of Allah, and readying, by Allah's permission, to return the light to those big ignorant communities whose armies are being terrorized day and night if the shadow of the brave warriors appears on their monitoring screens! O our people: "Seek help in Allah, and be patient. The earth belongs to Allah. He gives it in inheritance to whomever He wills of His servants, and the future belongs to the righteous". The earth belongs to Allah, and He will give it in inheritance to His believing worshipers, and Allah will prepare for His worshipers the reasons to help them achieve it. And Allah has control over his affairs, but most people do not know.
